

WeGo

The WeGo is our Baby in the Hybrid Camper Range. Small in size but big in sleeping space. Whether you crave a bit of Culture, want to dig your feet into the red dirt of the outback, explore our amazing beaches, or climb the mountains. The WeGo will follow you there and back in comfort and style.

Inside, you will find a more Compaq-designed layout, parents have a large Queen Size North/South, and for the little ones a double bunk in the front. If there are no kids have left the nest, the clever WeGo can be ordered with no bunk making it a comfortable L-shaped lounge or straight seat. The camper boasts ample clothes storage with overhead storage space and a no-cost option for a wardrobe. There are also handy storage pockets throughout

For warm showers, the WeGo is supplied with a Bushwakka "Double Shower Tent" with Truma Hot water system plumbed to the external shower compartment as well as the sink in the Kitchen.

An electrically operated pop-top roof makes setup a breeze, with heaps of charging points. Offered as standard, 30amp charging, 1 x 200ah lithium battery, and 400w solar keep you off the grid for longer. We have also included creature comforts like aircon a diesel heater and heaps of windows for those warm nights off the Grid.

The WeGo has an easy-to-use galley-style kitchen, simply open the door and start

cooking on your 2-burner stove or induction cooktop. Washup can be done in the large sink with hot and cold water. This makes setting up and packing down a breeze and even better for stop-and-go traveling.

A large 95L dual-zone fridge freezer on a slide is also included. On the offside, you have an external hatch on a drawer for storage as well as a through and through storage in the front.

The WeGo is Fitted with Bushwakka "The Meg Awning" This will provide you with 8 meters of undercover space.

The Little WeGo is truly a "WeGo anywhere" solution for your Camping Needs! – Small Compaq follow you anywhere!

All Bushwakka are backed by a 6 Year Warranty for peace of Mind Camping.
