WeGo^{WD}

The Bushwakka WeGo is the newest addition to our Hybrid Camper range, offering a compact size with big sleeping space. Whether you're exploring the outback, lounging on the beach, or hiking through the mountains, the WeGo delivers comfort and style on every adventure.

Compact yet spacious design

Inside, the WeGo features a clever layout, including a large queen-size north/south bed for the parents and a double bunk at the front for the kids. For those without young ones, the WeGo can be customized with an L-shaped lounge or straight seating instead of bunks. Storage is abundant, with overhead cupboards, handy pockets, and an optional wardrobe for added convenience.

Shower & comfort features

For warm showers, the WeGo includes a Bushwakka "Double Shower Tent" with instant gas only hot water system, plumbed to both the external shower and kitchen sink. Multiple windows and ventilation ensure comfort on warm nights.

Effortless setup and off-grid capability

The electrically operated pop-top roof makes setup quick and easy. Charging points, a 30amp charger, 200Ah lithium battery and 400W solar panel keep you off the grid for longer. With creature comforts like air conditioning and a diesel heater, you can stay comfortable in all climates.

Outdoor kitchen convenience

The WeGo features a simple yet effective galley-style kitchen. Just open the door to access a 2-burner stove or induction cooktop, a large sink with hot and cold water, and a 95L dual-zone fridge/freezer on a slide. Packing down and setting up is a breeze—perfect for quick stopovers.

Storage solutions & awning

For added storage, the WeGo includes external hatches and a through-and-through storage compartment. The Bushwakka "Meg Awning" provides 8 meters of undercover space, making it easy to relax and cook outdoors, rain or shine.

Perfect for adventure

Small, compact, and ready to follow you anywhere, the WeGo is the ultimate solution for your camping needs. Backed by a 6-year warranty, it promises peace of mind and a great camping experience, wherever the road takes you.
